"Are you crazy?"

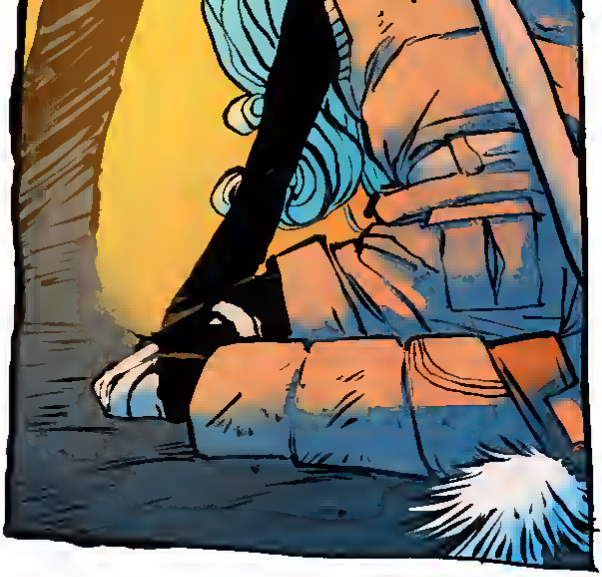
Give me that before you KILL us both!
I didn't mean to! I wasn't really going to shoot!
SWIPE

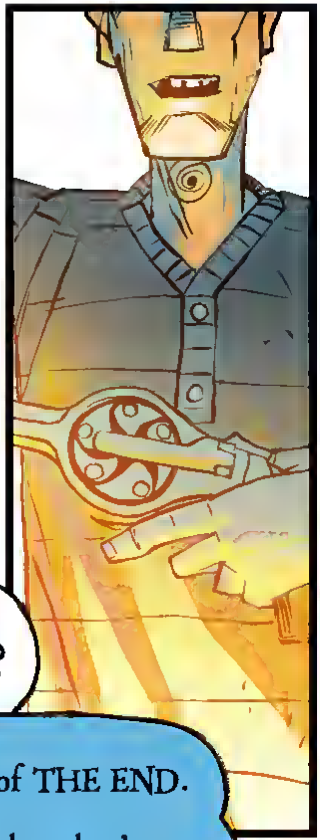
If that bullet had been chambered, it would've--
--there's so much you don't understand.
Why won't anyone just tell me the truth?



Henry was right -- I'm messed up in some BAD business.

If he calls the constable, then the Graft Progressors will know where to find me and it's all over.

I don't want to get you involved.

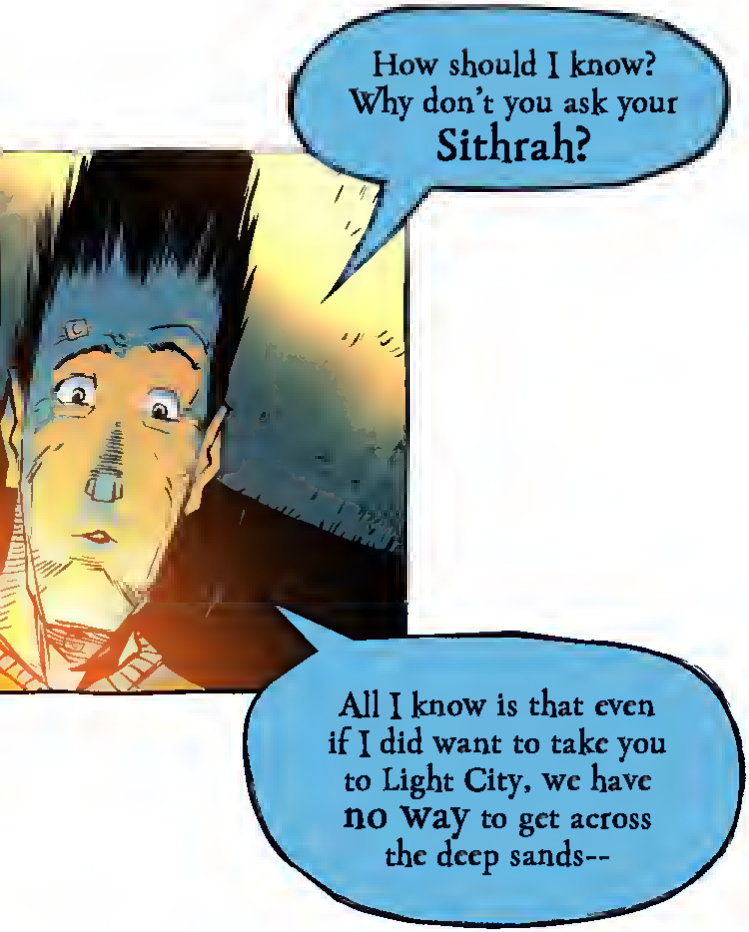


What are they, the Graft Progressors?

Servants of THE END.

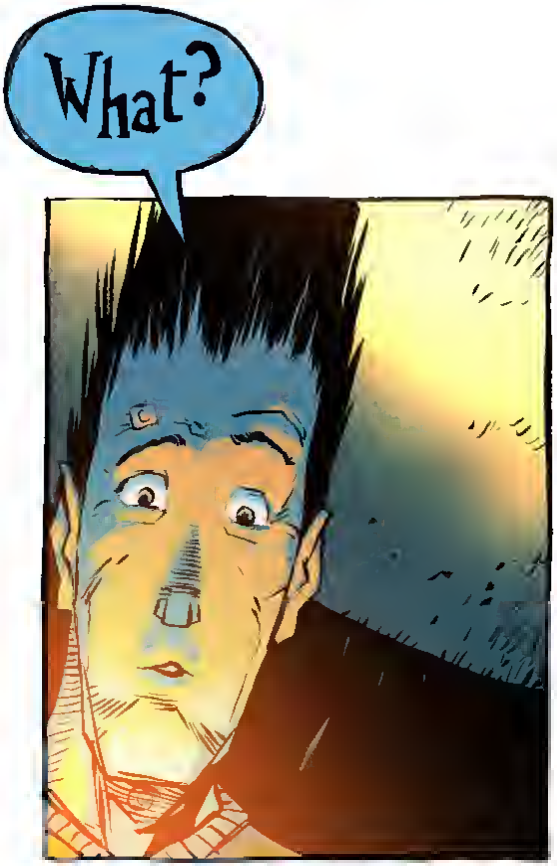
They think what they're doing will save them from what's coming, but it's all lies. They're doomed just like the rest of us.

Why would they take my dad?



How should I know? Why don't you ask your Sithrah?
All I know is that even if I did want to take you to Light City, we have no way to get across the deep sands--

The Sandski!



What?

Are you serious?

Plus it's suicide to try to cross the deep on that junker.
Help me get it down.
Ha! Even Henry had trouble getting it unhooked.

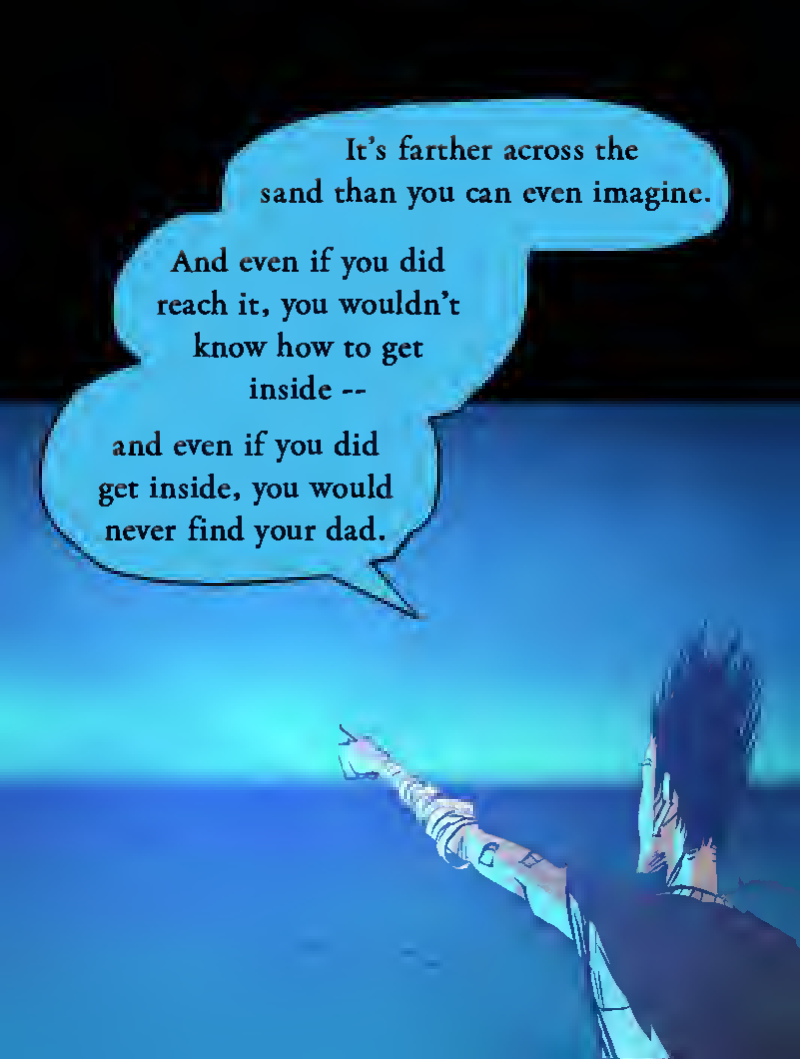
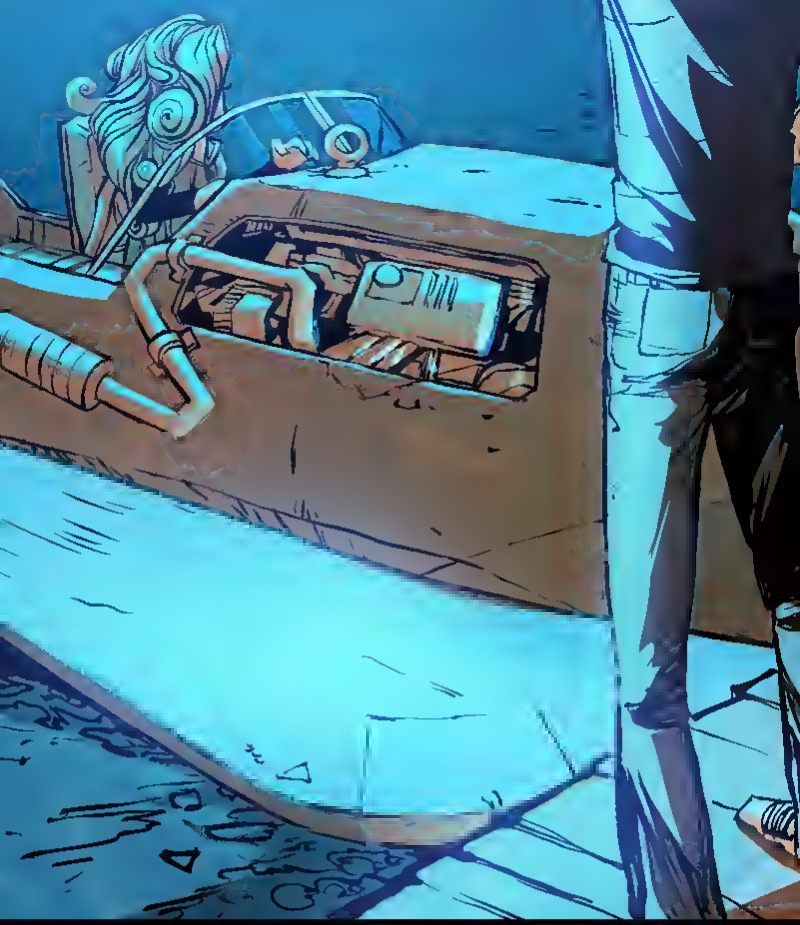
Henry had to have heard that!

Oh no!
I gotta go!
point the way toward Light City.



It's farther across the sand than you can even imagine.
And even if you did reach it, you wouldn't know how to get inside --
and even if you did get inside, you would never find your dad.

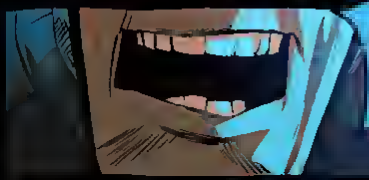


The fortress where they're keeping him is impossible for a normal person to find.

Well, then you have to come with me.

I'd rather **DIE** than go back there!

And if you go, you'll only get yourself killed.



WHY WON'T YOU LISTEN to ME?

Because I'M NOT YOU...
...and because Sithrah promised he'd help me find my dad, no matter what.
He made you a promise?
Better than that -- a pinky swear!
Yeah, well -- I hope Sithrah knows how to rebuild an old sandski engine...

...because you're not going anywhere if you can't even get it started--
